

# USE OUR DECISION TREE TO DECIDE BETWEEN SOIL & WATER PROPAGATION

*When it comes to plant care  
are you a beginner or do you  
have experience?*

*Beginner*

*Experienced*

*Once you bring your plant  
home, would you like to sit  
back & watch it grow or  
would you like a more  
hands-on experience?*

*Which do you value more:  
a visual learning style or  
low maintenance?*

*Sit Back*

*Hands-On*

*Low  
Maintenance*

*Visual  
Learning  
Style*

*Do you value low  
maintenance more than a  
higher success rate?*

*Like I said before,  
low maintenance.*

*Higher  
Success Rate*

*Are you ready to handle  
any unexpected challenges  
that may arise during the  
propagation process?*

*No, I want to work  
smarter not harder!*

*Yes, I am ready for a  
challenge!*

**SOIL  
PROPAGATION**

**WATER  
PROPAGATION**
